Prequalifying Contractors...

We know just how time consuming it can be to assess contractors. We know how long it takes for you to identify a good contractor, do the due diligence and then get them on board. Let us help you with that. At PREQUAL, assessing contractors is what we do all day, every day.

+IMPAC

- + *PREQUAL is Impac's solution for businesses who want a rigorous and independent service to prequalify their contractors.*
- + *It is client led, applied consistently throughout New Zealand and has a substantial user base of key clients and contractors.*

CONSULTING
Focusing H&S investment on what matters

TRAINING
Empowering people to work safely

RISK MANAGER
Delivering foresight to protect people from harm

PREQUAL
Identifying safe Contractors

WHAT?

- + A third party pre-contract assessment scheme led by client requirements – something that is standard, accessible and accepted by contractors.
- + Robust assessment and reporting to New Zealand laws and conditions.
- + Assesses health, safety and management processes of a Contractor to provide Clients with the required visibility under current and new legislation.
- + Verifies insurance cover.

Independent and administered on behalf of the Client

WHY?

Compliance

- + A vital step in the contractor management process.

Visibility

- + Assesses the health and safety systems, insurances and management processes used by a contractor.

Understanding

- + The contractor's ability to perform work that is aligned with good practice.

Efficiency

- + Designed to save everyone time, waste and uncertainty.
- + Reduced internal administration for the Client
- + Fewer submissions for the Contractor.

+IMPAC

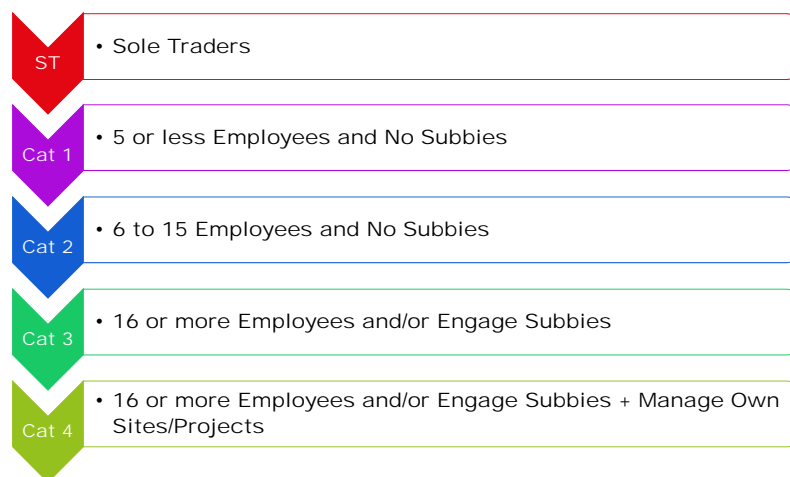

HOW?

1. Clients invite their Contractors to be assessed.
2. Contractors submit evidence online.
3. PREQUAL undertakes the assessment.
4. PREQUAL provides a detailed assessment report to both the Contractor and Client.
