HEALTH & SAFETY

Feedback | 2019

EEA.CO.NZ

1

Guidance Development

- Document development cycle
 - Need identified
 - Working group develops drafts (SSPG, NCLW, Industry representatives)
 - Discussions with industry to socialise ideas
 - Further drafting
 - SSPG Approval for release
- Industry consultation phase (4 - 6 weeks)

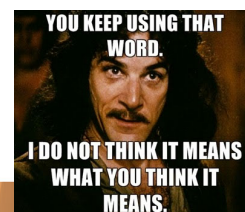

eea | Electricity Engineers' Association

2

Why your opinion is important

- Helps form a true industry view
- Gives you early insight to documents before publication
- We're only human
- If you've read it once you've read it a thousand times

3

How is your feedback treated

- All feedback is logged
- SPPG or Working group review
- Accepted / Rejected / Modified
- Comments included supporting decision
- Creates a history behind the document for further reference

4
